M.S.A.D. #44 BOARD TO MEET MONDAY EVENING, OCT. 10 AT CRESCENT PARK SCHOOL

The S.A.D. 44 Board of Directors will hold a regular session at Crescent Park School next Monday evening, Oct. 10, at 7:30. The meeting was originally scheduled to be held at the Telstar Library.

Agenda items will include: action on the employment of a cafeteria worker, staff resignation, appointment of Telstar Regional High School drama coach; possible realignment of time during Board meetings, and possible action on establishment of Board goals for 1983-84 school year.

An executive session of the Board will be sought to deal with a student discipline matter.

HEALTH EDUCATION MINI-SERIES — BETHEL AREA HEALTH CENTER

On Thursday, Oct. 13, at 7 p. m. at Telstar Regional High School Library the Bethel Area Health Center will present the first of a health series which will be held monthly.

The topic of the first health series will be "How to Get the Most Out of Your Doctor's Visit". This will involve a panel discussion and audience participation through a question and answer period.

Tom Whitney M.D. will take the role of a pediatric physician and will focus on what information a physician requires from parents and children during an acute care visit and also what he feels is important in the area of health maintenance and developmental concerns.

Jan Whitworth, physician's assistant at the Bethel Area Health Center will follow through with similar concerns during an adult visit and will differentiate how symptoms may differ in an adult.

Ted Davis, playing the role of consumer, will bring in concerns of the patient, such as fees, friendliness of office, etc., or any other concerns that may arise. The audience will participate by questions and answers or merely by offering pertinent comments. Health care—both acute and preventive should be everyone's concern. At some point in our lives we all take advantage of its use. Wouldn't it be wise to take advantage of this series in order to be a well-informed consumer? An interesting and lively meeting is looked forward to.

WATER DISTRICT RECEIVES SPECIAL MERIT AWARD FROM STATE OF MAINE

The Bethel Water District has received a Special Merit Award from Commissioner Michael Petit of the Dept. of Human Services for fluoridation proficiency. The award is presented in recognition of consistent quality with which the fluoridation of the Bethel Water District was carried out from Jan. 1 to June 30, 1983. Water fluoridation has been conclusively proven to result in a 70% reduction in tooth decay when consumed from birth, with substantial benefits for all ages. This award is based on the results of water samples submitted each month for analysis by the Dept. of Human Services. District personnel also perform this test daily to assure proper levels are being maintained. Of 58 fluoridated water utilities in Maine, the Bethel Water District was one of only 18 to receive the award in 1983.

River Flooding Survey Starts

Laurel Mining Consultants of West Virginia hydrologist Tom Bolyard and surveyors Troy Tichenell and Randy Hartmen have been seen during the past 10 days walking the river banks and talking to area residents as the river flooding survey gets off to a good start. Singled out as one of two towns in the state with serious flooding and river erosion problems Bethel was selected by the Soil Conservation Service (SCS) in Orono to receive a technical study of past and potential flood and erosion conditions. SCS awarded the contract for the study to Laurel Mining Consultants in September.

Over 20 sites in the town of Bethel have been selected where the surveyors will take cross sectional readings of the Androscoggin River valley. Charts of the readings will be made showing flood levels of the past and projecting potential flood and erosion areas. "We are very thankful for the help Bethel residents have been in providing historical data of past floods which we will use to verify our readings. We plan to make our final report a high quality document that the Town and private citizens alike can use to obtain future project assistance from the state and federal levels," said Tom Bolyard. The team members may be reached by leaving a message at the Town Office, 824-2669.

NEW PRINCIPAL ASSUMES DUTIES IN BETHEL ELEMENTARY SCHOOLS

Nancy H. Davis has been named as the new principal for Ethel Bisbee/Crescent Park Schools in Bethel. She took over her new duties on Monday, Oct. 3, replacing Michael Gilbert, who served as an interim principal, and she is the successor to Eleanor Tracy who had been the principal of the two Bethel schools for one year.

Although her position is new, Mrs. Davis is not a newcomer to the Bethel area. She came to Bethel from Endicott, N. Y., in 1971. She has been a second grade teacher at Ethel Bisbee School for seven years and for five of those years she also served as a teaching principal at the Bisbee school. Last year she taught grade two at Crescent Park School.

A native of Olean, N. Y., Mrs. Davis graduated from Austin College in Sherman, Tex. She has spent three fascinating years teaching English as a second language in Zambia, Africa. She loved being a part of another culture, and it gave her an appreciation for the high quality of American education.

In regard to her new role as principal, Mrs. Davis believes her leadership will be characterized not as a major shift in existing policies and practices, but rather as an elaboration or refinement.

Her goals for the two schools may be summarized as: Let's share ideas: Involvement, Discipline, Excellence, Awards, Success.

Involvement will be on all levels: student, staff, parents, community and cooperation between classes.

Discipline is seen as an affirmation of the school as a positive environment and of open communication and respect; it will be fostered through activities designed to increase trust among all of the

Nancy H. Davis

students and adult school community.

Excellence will be pursued through continuing study of the curriculum and articulation of the minimal standards recently set by the District Academic Standards Committee into high expectations for all students.

Awards will celebrate Success in all areas, with the goal being (to quote the National Commission on Excellence in Education) to "develop the talents of all to their fullest."

Mrs. Davis is very excited about the coming year She will have offices at both schools and welcomes opportunities to share ideas from all the community.

TWO PILGRIM FELLOWSHIP MEMBERS ATTEND STATE YOUTH COUNCIL CONVENTION

Two members of Pilgrim Fellowship of West Parish Congregational Church attended a State Youth Council Convention last week end at Pilgrim Lodge in Litchfield. Delegate Mike McGuire and Alternate Keith Wight met with high school youth from churches throughout the state to share fellowship, learn of the council's purpose, and plan future youth events. Mike and Keith were impressed with the opportunities that the Council offers to bring together PF members from widely scattered churches. They plan to work to involve their local group fully in future statewide events.

Greenwood City

— Mrs. Colista Morgan, Corres. —

At this time of year, in this valley full of trees, there is one maple by the old pasture bars which I come to own by seeing it. I watch color come to its leaves day by day. By title it is not really mine but as I take a choice of the many trees every autumn I claim it and will, as long as I remember. It colors gradually change until one day in October its warmth of color is as brilliant as any flame that leaps from a hearth.

Now is the fulfillment time of Nature's beauty. Over the hard woods there is a blanket of red, scarlet, brown, bronze and yellow.

The sunrise is an exploding rocket of these brilliant colors.

As I looked from the pasture over the valley, loveliness and peace rested over all. Here and there a special place on a hill side made a gorgeous flaming bouquet.

Each hill has its special memory and one which will always remain.

Toward the end of the day a little chill creeps in. The sunsets are now brief, as they are painted in the sky. Pewter gray shadows waltz down from the hill sides. Stars prick through, as the dark veil crosses the heavens.

Those of us who see October's change year after year lack the adjectives to describe it. Maybe that is the highest of tributes. The color itself supplies its own acme.

—

To some of us Christmas came in September for last Tuesday eight teachers and two guests went out for dinner then gathered at Beryl Bonney's cottage for a Christmas tree and party. Inside it was as Christmassy as any attended in December, the time we used to meet. For many years we have done this but now in retirement some of the teachers winter in Florida, therefore we meet in September.

Mr. and Mrs. Erwin Hayes were at the Hayes Homestead until Thursday when they returned to their home in Bethel, Conn.

On Saturday, which became a lovely day after early clouds, and sprinkles, I attended the D.K.G. meeting at Lettie's farm, the Day Homestead, in Woodstock. There were 32 there to enjoy the salad bar and other goodies at noon time, followed by a craft exhibit and a business meeting.

For a few weeks we have enjoyed the ducks on the pond but all that is over now. Since Oct. 1, when an early bombardment took place from several hunters, they have vanished.

Fred Curtis came home from Deer Isle on Tuesday. On Wednesday he and Rena visited their son, Albert and family in East Sumner. On Saturday they attended the wedding of their granddaughter, Lee Ann Curtis in Farmington. Sunday they visited their daughter, Lillian and husband, Glenn Strait, in Pownal.

The Leroy Smiths were in Oxford Wednesday and had supper with their daughter and family. Also Kathy the granddaughter had a birthday.

Fryeburg Fair started Oct. 2. Then the rain will come. We need it very much.

Mrs. Larry Fox was sick with a cold and not able to be on the mail route.

Linda Allen took her mother, Iva, to see her doctor Thursday. Later Iva had supper at Linda and Neal's home.

Seven people were taken into our church, Lovell. Special music and flowers in memory of Bert Kendall who passed away several years ago, and Marion Kendall who is in Andrews' nursing home in South Paris.

Bill Walker, Herbie Robinson, Win Adams worked for Paul and Roy Smtih on the farm; roof repaired, jacked up the old hen house.

Robert Johnston's family called in the yard.

Miss Smith and Nona Gayger of Norway called on Hazel Allen this week.

Susan Fox took her mother, Mrs. Billings, to see Susan's father who is ill in the hospital.

Charley Merrill and several others helped dig their potatoes this week end.

The coloring has started.

Pauline Smith was in to call on George and Barbara Lemay for first time, all super they, my neighbors.

I also walked 1½ miles with my cane. Seems good to walk and look around.

Leroy and Pauline Smith visited at Stephen Hinderson's at West Lovell Sunday and saw their new home on Kezar Lake.

John and Ruth Fox are working at Fryeburg Fair.

Mr. and Mrs. Ed Josephone have returned from Massachusetts.

Gilead

— Louise Loring, Corres. —

"Oh Indian Summer
How sweet are thou—
As Mother Nature's kisses
Are planted tenderly upon our brows."

October — intriguing, magical, mysterious, impetuous, beguiling October—is there any other month so representative of rapid transition?

Pumpkins are heaped into huge piles all about—ready and waiting to be painstakingly carved into glorious jack-o-lanterns? Some have already been transformed into the season's first pumpkin pies —and the spicy tantalizing aromas of these delicacies — waft from the kitchens within the little homes in this tiny hamlet, lingering delicately upon the autumn breezes.

Leaves in the forest are blushing in shades of red and crimson —from Jack Frost's first little nips—knowing full well—they will soon become denuded and bared, by drenching fall rains.

Tiny gardens are tilled and resting—while small field mice scamper about its realm — gathering tiny seeds from the multiple flowering vines and bushes—to be stored away well hidden in their tiny secret larders—for the raging winter months to follow.

At the present all of our grosbeaks are beginning to appear at our feeders—and the vidid yellows of our little feathered friends flash and dart about our window panes.

A huge maple tree stands solemnly erect—and scarlet attire, figures most prominently among the many dark evergreens and spruces.

The river winds silently along like a broad ribbon through our little valley—and mirrors the splendor of all the vast changing panoramas of the multi-colored hues around us.

Musky aromas of burning leaves often times permeates the crisp fall air—and the complete spectrum of nature in all of its fall dress soothe and mellows our very souls—as we again turn the pages in the ever-changing volume of the book called "Our Lives".

So let us pause and drink in the many beauties around us—and Praise Our Creator for the Privilege of Just Being Alive— and viewing all the Beauty He has provided for us—His Children—for our pleasure upon this tiny frenzied planet called Earth.

On January 1, your phone won't turn into a monster.

If you're like most people, you've heard that the Bell System is breaking up. And that, after January 1, 1984, you'll have to look to separate sources for local phone service, long-distance phone service, and equipment.

If you're like most people, you're concerned that this will turn your phone service into a monster.

It won't.

New England Telephone will still be your local phone company. We'll still provide you with the same good service New Englanders have counted on for the last 100 years.

Divestiture will mean some changes. For individuals, for business—and for the future.

We think most of the changes will be for the better. And, as they happen, we'll tell you about them. Because the more you know about change, the easier it is to handle.

Some things won't change.

New England Telephone will still provide local phone service. All you have to do is pick up the phone and call. The way you always have.

You've probably heard that the cost of local calling will increase after divestiture. That's because long-distance charges will no longer pay part of the cost of local service. However, the cost of long-distance calling may be reduced. And New England Telephone also offers options—like Measured Service or Unlimited Service—to help you control the cost of local service.

Some things will change.

Among the things that are changing are the ways you obtain equipment and repairs.

New England Telephone will no longer provide home telephone equipment. If you want to buy phones, you can buy them from any number of suppliers. So shop around. Compare prices, features, and service warranties to get the best buys for your money.

If you prefer to lease your phones, simply keep the ones we've provided. But after January 1, you'll automatically be leasing them from AT&T.

Whoever supplies your phones will be responsible for their repair. Of course, New England Telephone will continue to maintain and repair your phone lines.

A short course on long-distance options.

After the break-up, New England Telephone will continue to provide you with long distance service within your area code. And we'll give you access to long-distance service outside your area code. So you can still make and receive long-distance calls.

Your current long-distance service will continue after January 1.

However, if you want to choose a new long-distance company, check your Yellow Pages for a complete listing. Then compare rates and services and make your choice.

What lies ahead?

New England Telephone's been in the forefront of changes in telephone service and technology for the last 100 years. And that's just where we intend to stay.

We're managing today's changes, and we'll continue to offer you new options, all geared to making your phone service the best it can be.

There's been a lot of noise about the Bell System breaking up, but just remember New England Telephone's got it all together.

If you have any questions about the ways these changes will affect you, call our special, toll-free "Let's Talk" number. It's 1 800 555-5000. Monday through Friday from 8:30 a.m. to 5:00 p.m.

BETHEL TOWN OFFICE

from the public on changing to a new fiscal year with semi-annual tax billing and the issue of the acquiring of the Bethel Water District. A Special Town Meeting is scheduled for Tuesday, Nov. 1, to decide the matter of changing the fiscal year and the question of whether to acquire the Water District will be an item in the Nov. 8 Referendum.

In similar action, the Selectmen set Monday, Oct. 17, at the beginning of the next Board meeting to hear comments from interested citizens on new General Assistance Rules and Regulations. Copies of the new rules are available at the Town Office.

Budget Committee members John Brown, Pat Hudson, Jack Brooks and Dick Carter met with the Board on the project of changing the fiscal year and adding twice-yearly tax billing. After listening to a presentation by the Town Manager, Bill Judson, describing advantages of changing to a July 1 to June 30 municipal accounting year and how semi-annual tax billing would work, Budget Committee members asked questions and offered constructive comments. Board Chairman Arlan Jodrey thanked those in attendance for their valuable inputs.

In other action, the Board authorized the Manager to sign forms making "pre application" for airport development listed in the Maine DOT "Airports Investment Program, 1984-85," endorsed a new septic system variance request for a camp on the East Bethel-Locke Mills Road, and continued discussion on police policy. On a related police issue, the Board, having completed an investigation of a complaint lodged by Sudbury Inn proprietor David Thurston concerning actions by Bethel police in August to tow a vehicle from a "No Parking—Tow Away" area, directed the Manager to send a letter of disposition to the complainant and police officers. The Selectmen after receiving statements from the officers and other witnesses decided that the policemen had acted properly in that situation.

Meetings

The Planning Board will hold a public hearing in the Town Office Meeting Room at 7 p. m. Wednesday, Oct. 12, on the proposed "Opera House" condominium.

The Board of Selectmen will next meet in regular session on Monday evening, Oct. 17, in the Town Office Meeting Room.

B.E.A.R.S.

(Bethel Emergency Ambulance & Rescue Service)

The in-squad training was held Sunday. A practical session was with two victims pretending to have been shot and cut real bad. The attendant had to do exactly what they'd do at a real scene — even putting the patients in the ambulance. This was excellent training.

There is still time to take the Advanced First Aid Course being offered at the Bus Garage on Tuesday nights, at 7 o'clock.

A new E. M. T., Alan Hutchinson, was introduced. He will be going on duty as soon as he is licensed for the ambulance. He is with the Sunday River Skiway. Welcome aboard.

There will be a C. P. R. Course on Nov. 9 and 16. If you would like to take this course, contact Adult Education. Arlene Greenleaf gave a talk on First Aid to the Pilgrim Fellowship last week.

Arlene Greenleaf will be making out the next schedule, so if you are unable to take your regular duty, call her.

In-squad training will be on Oct. 23. It will be on heart attack, stroke and dypsnea.

Safety Tip of the Week

Moving Injured Persons. If you come upon an injured person, don't move them until their injuries have been determined. If you do not know first aid, call for some one that does, for help. Reassure them by talking to them, explaining why they are not to be moved, that help will soon be there. You can aggravate existing injuries further by moving them improperly.

UNITED METHODIST PASTOR APPOINTED: SO. WATERFORD & BOLSTER'S MILLS CHURCHES

Rev. David W. Helms has been appointed pastor of the United Methodist Churches in South Waterford and Bolster's Mills. A graduate of the Taft School and Yale University, Rev. Helms attended Seminary at Boston University and earned a Master's degree in Social Work from that School. He has pastored and preached at several United Methodist Churches in New England, directed Boston's famous Morgan Memorial Fresh Air Camps for 10 years, and for 16 years provided clinical treatment, training and supervision for clients, professional staff and student therapists at the Washingtonian Center for Addictions in Boston.

An ordained deacon in the United Methodist Church, Helms has affiliated with the Maine Conference of the church and is pursuing additional theological study toward's full elder's orders. Helms is also licensed as an independent practitioner of clinic social work, holds membership in the Academy of Certified Social Workers, and is a therapist in private practice.

For the past 20 years, while raising his family of three, Helms has concentrated his studies and practice in that area where religion, philosophy and psychology intermingle. A Boston native, he moved last spring to Albany, where he is developing a family life education program known as "The Laverna Woodland Retreat" Center on the land formerly known as "Camp Nygren".

Rev. Helms, 46, is the father of Peter, 21, a chef in Newton, Mass.; Connie, 20, a junior at Antioch College in Ohio, and Andrew 17, a student at Telstar Regional High School and the N.O.V.A. Forestry Program. He looks forward to the broad opportunities for service and for satisfaction in western Maine.

SOCCER AT ANDOVER

Now in its second season, the after-school soccer program at Andover Elementary School has attracted 19 fifth and sixth graders as participants this year. Two-thirds of the eligible boys and girls have joined the activity.

Coached by Andover Teacher John Emery, the soccer group meets on Tuesday and Thursday afternoons at the school. Mr. Emery stresses basic skills in the after-school program. Soccer skills are also taught in physical education classes.

Sixth graders, participating for the second year, know how to play positions, can better handle the ball, and display general improvement according to Mr. Emery.

Three games are scheduled for 3:00 starts: Thursday, Oct. 13—vs. Woodstock at Andover; Tuesday, Oct. 25—vs. Telstar Middle School and Woodstock at Telstar.

Parents and other interested citizens are invited to the games.

CROSS COUNTRY QUILTERS

Cross Country Quilters will hold their regular meeting Thursday, 7 p. m., at the Bethel Library. Regular new members and interested persons are welcome to attend. This will be a regular work session. Dues will be collected during October for membership in the Pine Tree Quilters Guild, half of which goes to the Guild for the newsletter published four times a year, and entitles the member to benefits from joining the Guild. The other half goes to the local chapter for its use.

Next week at the regular meeting there will be a workshop by Bernice Hoisington on making sewing chatelaines. A chatelaine was originally used by colonial housewives to hold pins, keys and other objects in daily use within easy reach, and was hung from the neck, or suspended from their waists. The sewing chatelaine will hold needles, pins, thimbles, scissors and an emery strawberry. Materials to bring are 1 yd. of 1" braid or grosgrain ribbon, 4 or 6 1" rings (brass or plastic), 2 pieces of 9"x11" felt, ½ yd. of LH9 grosgrain ribbon, scissors and embroidery floss. Finished examples will be available to examine.

For more information about membership or the workshop, contact Bernice Hoisington, 824-3125, or Ginny Keniston, 824-2661.

VERRILL - BLAKE

Mr. and Mrs. Jerry A. Verrill

A candlelight ceremony was the setting at the West Bethel Union Church for the marriage Sept. 24 of Sheila Melissa Blake to Jerry Alton Verrill with the Rev. Norman Rust officiating the double ring ceremony. Sheila is the daughter of Mr. and Mrs. Richard Blake, Bethel. Jerry is the son of Mr. and Mrs. Leon Verrill, West Paris.

The bride was escorted to the altar by her father and was given in marriage by both parents. Her gown was white organza, fashioned with an empire bodice with beaded alencon lace, Queen-anne neckline, bishop sleeves all attached to a circular skirt appliqued with beaded lace and a chapel train. Her veil was attached to a headpiece decorated with beaded lace matching the gown. The cascading bouquet consisted of pink and white silk roses accented with baby's breath.

Miss Dena Gatchell, Bryant Pond, served as maid of honor wearing a daphne colored silk dress with matching waist length lacy jacket. Bridesmaids were Miss Becky Roberts, Mrs. Kathy Cummings, Mrs. Karen Verrill and Mrs. Linda Blake. Miss Heidi Blake served as junior bridesmaid and all wore dresses identical to the maid of honor only in deep burgandy. The flowergirl, Miss Brianna Verrill, wore a white laced bodice dress with a flowing skirt.

Brian Verrill served his brother as best man. Ushers were Peter Hurd, Alan Verrill, Tom Verrill, and Lloyd Poland.

The reception was held immediately following the ceremony at the American Legion Hall, Locke Mills, which was attractively decorated with flowers, wedding bells and streamers matching the colors of the bridal party. A confetti ball centered the hall which was released by the bridal party on the Wedding Waltz. The lovely fountain wedding cake, made and decorated by Arlene Bean, added a perfect touch to the buffet table.

Following a wedding trip to Florida the couple will reside in West Paris.

NAMED TO GOULD FACULTY — Nancy J. Beckwith of Lynn, Mass., has been appointed to the Gould Academy faculty as an instructor in Spanish. She is a Dean's List '82 graduate of Bates College with a B.A. degree in Spanish and Literature. While at Bates she spent her junior year in Sevilla, Spain. Prior to coming to Gould, Ms. Beckwith was the program director and unit leader for 14 counselors and 60 campers at Camp Calumet Lutheran in West Ossipee, N. H. She will be living in Gehring Hall, a girls' dormitory and is assisting with the women's soccer team. Her hobbies and interests include travel, music, photography and needlework. She has travelled extensively in Portugal, Spain and England.

Betsey Winsor, a member of the Outward Bound staff, drew the winning donor ticket for the wood awarded by the Windy Valleys Snowmobile Club, Newry. Ginny Keniston of Bethel was the lucky recipient.

Mary Bishop, Louise Annis, Doris Fraser, Ethel Ward and Betty Blake, all of Bethel, returned Sunday night from a bus trip. For eight days they visited Niagara Falls, Toronto, Ottawa and Montreal in Canada. They had beautiful warm weather, saw many sights, and had a grand time.

Upton
— Mrs. Arline Bernier, Corres. —

Sympathy is offered to the Abbott familily. Holly's grandmother was a West, related to Philip, Floyd and Clarence known in this area. Her grandfather, Steven Morse Abbott was related to the early settlers who owned where the Gagnons are now living, the farm next to me and other property. Her father, Glenn, spent a few years of his childhood in Upton and attended school here while I was also a pupil. Glenn and his family lived in Wilson's Mills several years before moving to Upton into the Willie Brown house. Holly was known here as the "pretty one" because of her outgoing personality, her ready smile as well as her beauty. Present at the funeral were her sister, Diane Thurston, of Songo Pond, her brothers, Aundry of California and Marcion of Florida who are nice looking young men, Aundry is a carpenter by trade, and her younger sister, Tammy, who still retains some of her shyness but is a lovely young lady with a soft Southern accent from her years of living in Georgia.

Glenn is the same as always with a big ready smile and friendly hugs not quite hiding the pain in his eyes. He always openly showed his love for his children by the way he spoke about them and I recalled the hours he spent patiently teaching each one to knit. The memorial service was conducted by a friend and co-member of the Hosanna Church who spoke of her spiritual commitment to Christ. The service was closed with a prayer by the pastor, Dallas Henry.

The Chittums, Ray and Coleen, spent a week's vacation at their home here.

The foliage has been especially beautiful this year as we enjoyed sunshine and clear days. Last year it was mostly overcast and somber during the forest brilliance. This year, it seems, the view was more spectacular but very short. The "peak" was apparently Sunday with the leaves already blowing in the winds on Monday.

Fred Judkins has sold his house and purchased one in the B. Pond area. He is busy disposing of the contents of his buildings here.

Several attended the dedication at Step Falls in Newry commemorating the work done by the late Charles Heywood.

FROM THE FILES OF WOODSTOCK HISTORICAL SOC.

We often think experiences today are unique and forget that our forefathers had them and remarked on them. For instance, upon rereading Henry David Thoreau's account of moose hunting from "The Maine Woods", which is in the Woodstock Museum Library, the Curator observed the following passage. It seems as timely now as when it was written:

"It was very agreeable, as well as independent, thus lying in the open air that night, and the fire kept our uncovered extremities warm enough. The Jesuit missionaries used to say, that, in their journeys with the Indans in Canada, they lay on a bed which had never been shaken up since the creation, unless by earthquakes. It is surprising with what impunity and comfort one who has always lain in a warm bed in a close apartment and studiously avoided drafts of air, can lie down on the ground without a shelter, roll himself in a blanket, and sleep before a fire, in a frosty, autumn night just after a long, rain-storm and even come soon to enjoy and value the fresh air.

"I lay awake awhile, watching the ascent of the sparks through the firs, and sometimes their descent in half-extinguished cinders on my blanket. They were as interesting as fireworks, going up in endless, successive crowds, each after an explosion, in an eager, serpentine course, some to five or six rods above the treetops before they went out. We do not suspect how much our chimneys have concealed; and now air-tight stoves have come to conceal all the rest. In the course of the night, I got up once or twice and put fresh logs on the fire, making my companions curl up their legs."

The latest contributions to the Museum consist of a number of items from Don Russell and his wife Isobel England Russell. Mrs. Russell is the daughter of George Allan England, a prominent Woodstock writer, so naturally the Society is most grateful for the donations. The next meeting of the Society will be Saturday at 7 p. m. at the Woodstock Elementary School at which time the history of the Grange will be examined. Refreshments will be served and all are welcome to attend.

MUNDT-ALLEN POST #81 MET SEPTEMBER 27

Mundt-Allen Post #81, American Legion, held its second meeting for the 1983-84 season Tuesday, Sept. 27, with seven members present. Plans were set forth during the meeting to invite Bethel's Town Officials and Firemen to the Post's supper meeting on Oct. 11. Of interest to students at Telstar Regional High School, a motion was made and passed to sponsor a debating team at Telstar High School. At a later date, the Post wants to hold a contest for the debating team(s) at the Legion Hall. Prizes for the top three contestants will be $50, $25, and $15 respectively. Swan's Corner

Sent in by Viva Whitman, Sunday River Road:

What a change in the foliage this past week! When Russell and I went to Fryeburg a week ago, there was very little color in the leaves. However, there is a great deal of it now. I'd like to be able to drive up through the mountains and see the splendor of the many beautiful hues there for all to see. To me, it is a miracle how we are allowed to see so much beauty around us; the beginning of leaves in the Spring with all their many shades of green with some trees still showing their red buds against the green background, the growing of the leaves during the summer to hide the many bird's nests until the eggs are hatched and the little one's ready to fly away on their own; then there is the splendor of all the colors one could want to see blended together to make a picture no artist could ever paint. We know that Winter isn't too far off when we see the leaves turning in the fall, but there is so much beauty in winter with the new fallen snow clinging to the tree branches and making the world a white one. However the Good Lord does it, I'm glad it is here for all to see and enjoy whatever the season they like best.

Started the week off feeling rather tired after the family get-together on Sunday, but having so many of the family show up made it all worthwhile. Some of the fellows who work with the (Outward Bound) groups, brought back ladders that belonged to Russell and were returning paint brushes and other articles Monday forenoon. It is good to see the Bear River Grange Hall so white and shining and the credit goes to the young folks of the Outward Bound groups who did it. There were several groups who participated, but they did a good job. Many of them had never touched a brush before and and I'm sure they were rather scared to have to climb to such heights to paint the upper parts of the building. However, they did it and we want to thank each and every one of them for their efforts.

Monday afternoon, Russell and I went to Rumford to do some errands that needed doing over there but didn't do too much else.

Peggy decided to do the washing Tuesday morning and saw her daughter, Kaye there so asked her and husband Otto to join us for lunch. We had a nice visit with them and was glad they came for a while. Probably won't see them again for a long time.

Russell had begun cleaning up, upstairs during the morning and continued after lunch. What treasures one can find when looking through so much stuff. We had decided to have another sale, so I tried to mark items as he brought them downstairs. We thought we had found all the pictures of family members etc. that Mother had had, but we were wrong. Found some that were different than any we had found before so had to spend time looking at them and time gets away from one when doing that. Also found some puzzles so I just had to put one of them together before putting it out for sale. It was one of those with over 1,000 pieces and a beautiful scene, just what I like to work on.

Peggy's son-in-law, Bernard White, stopped in for a few minutes to see Peggy. He had to deliver something up river so stopped for a few minutes. He drives truck for Sanborn's and I'm glad it's him, not me, handling the big rig.

Also had a short visit from Darnita Yates on her way home from work. She wants to leave her daughter with me for a few hours while she is at work.

Thursday, we did more cleaning and looking through things that had been put upstairs. In the evening, Peggy, Russell and I went to West Paris to visit our brother Lawrence and family. Lawrence and Grace Yates are home for a little while to get the house ready for winter. Have to have wood and there are always so many things to be done. It takes longer than one expects it to.

Going to the doctor's was on the agenda for Friday, so we went early to do a few errands in town and then to have lunch in Fryeburg before going to the doctor's. We had just gotten home when Stephanie Yates and children, Jason and Venessa stopped in for a short visit.

Got started early Saturday morning getting ready for the barn and yard sale we were having. Didn't know whether it would rain or shine, but was as well prepared for it as we could be. We were glad the weather decided to get a little better instead of worse. Had a few sprinkles, but not enough to hurt any.

We had thought of going to Fryeburg Fair Sunday but weren't sure whether we would or not. Sunday morning, my daughter Wynona called and wanted to know if we were going as she would like to go with us. She and I talked a little and she decided to come up anyway and if all wanted to go we could go with her. When she arrived, we decided to go. Peggy, Russell and I got ready in a hurry and off we went to see the Fair. It had rained here early in the morning and was very foggy but as the day progressed, the weather got better. We enjoyed seeing what we could of the Fair. My daughter, Wynona with baby Courtney and I went to watch the pig scramble. It was quite a sight watching the youngsters trying to catch the little pigs and put them in bags. We always enjoy the horse show and Sunday was no exception. There were so many horses there and each part of the show was good to watch. It is amazing what the children can do with the horses and good training for the children who have the horses also. Russell and Peggy went to watch the pony pulling and said they enjoyed that.

Of course the Faingrounds is always a good place to meet people you haven't seen in a long time. Guess that is just one of the many pleasures. The Faingrounds were surely booming. There are more rides every year as well as booths or stands selling many, many different items. There is always too much to see in one day unless you have a good set of legs under you. Mine don't work so well some times so I don't see it all, but sure enjoy whatever I can. We didn't stay too late as Baby was getting tired and so were the rest of us, but enjoyed going and having one another's company too. Expect many of you readers will go to the Fair, so hope you all have a good time.

OPEN HOUSE FOR PARENTS AT W.E.S. LAST WEEK

The annual Open House for parents was held at Woodstock Elementary School on Tuesday evening of last week at 7 o'clock. Approximately 75 mothers and fathers attended the program held at the school.

After a welcome and introduction of staff members, Principal John Freeman stressed the importance of regular school attendance in contributing to school success. He reported that the average Woodstock student was absent a total of 9.6 days during the school year and challenged parents and students to improve the record this year.

Members of the School's Parent Advisory Committee made a presentation which outlined the deficiencies of the school building and the need for a new building. Jane Chandler presented a slide-show which focused on current problems with the building. Diane York, chairman of the group, discussed the status of the building project and asked for help in bringing the issue to the voters of the district.

Parents then proceeded to their children's classrooms where they met with teachers. Goals for the year, academic and behavioral expectations, and curriculum were discussed. Refreshments were provided by the Parent Volunteer Group, Sue Rosenberg, chairman.

TELSTAR SOCCER WINS FIFTH GAME

The Telstar varsity soccer team won its fifth game of the season with a 4-0 shutout of the visiting Winthrop Ramblers. The Rebel defense spanked by senior Pat McKinney, and Juniors Bernie Haines, Jon Head, Shawn Smtih, and Ken Whitney were the story of the game as they allowed only one shot by the visiting Ramblers. That lone shot came in the third period and was handled easily by Rebel goalkeeper Scott Tabb.

The Telstar offense had its trouble during the first half as many shots were blocked in a crowd or sailed wide of the cage. Also during that time the Rebels missed their first penalty shot in two seasons. Finally the ice was broken early in the third quarter as Bob Myers laid a pass across the penalty area and Brian Whitman put it into the net. The next two goals were scored late in the third period and late in the fourth period by senior forward Bob Myers. Josh Putnam assisted on the first and Darren Tripp on the second. After a six-game drought Josh Putnam finally netted his sixth goal of the season with just 34 seconds remaining in the contest.

The victory left the Rebels with a 5-2-2 record with five games remaining in the regular season.

NEWS FROM POOH CORNER

A special thank you from all of us at Pooh Corner to the parents and friends who came to visit on Friday night! Each child had a chance to show special projects that were made for the displays.

This week planning for Halloween began. The children counted witches on a calendar and spelled the letters in October, made spooky spiders, hanging bats and wise old owls, and began learning a song about a Goblin.

Each child is also working on individualized readiness skills such as shapes, colors and letter sounds. Everyone helped to make snacks, which were all bran muffins, corn bread, monkey muffins and oatmeal bars. The favorite circle game this week was Old King Glory.

TELSTAR FIELD HOCKEY MAKES IT FIVE IN ROW

The Rebel field hockey team had a total of 11 goals last week in Wednesday and Friday shutouts. In the contest with Mexico, Sally Thompson, Mary Taylor, Darcie Witter and Chris Davis tallied for one, while Georgia Gould put four in the net. Penny York and Chris Davis also assisted on Georgia's corner scoring.

Friday the Rebels traveled to Dixfield where the team defeated the Cougars 4-0. Chris Davis and Georgia Gould scored the first and last goals. Sally Thompson sandwiched a pair during the middle play. On both of Sally's scores, Georgia assisted.

The defense scurried back repeatedly to assist backfield play. Cindy Boyle, Vicki Dyer, Anita Kimball and Theresa Willbur were the containing forces at midfield. Dale Robbins has become a more effective sweeper by covering his diagonals better. Jodey Kimball and Gerri Gauthier cleared the ball repeatedly from corner play. Jodi Seidell had eight saves in the game.

The team's driving ability has reached new lengths, and the undercuts have nearly ceased.

In Gorham, N. H., Monday, the field hockey squads won two games. In the first encounter Gorham scored first, one minute into the game, but Chris Davis countered with the Regional's first score. Georgia Gould scored three in the remainder of the first half, with Vicki Dyer, Chris Davis and Sally Thompson assisting. The Huskies scored seven minutes in the second half before Penny York passed to Georgia for the final tally.

The second game found forwards Mary Taylor (1) and Darcia Witter (2) scoring for the Rebels.

Come watch the Rebel action Thursday at 3:30—Sacopee Valley.
